COMPANY Profile

Empowering Minds, Advancing Research, and Driving Digital Innovation.

Eagle AI and Robotics Kits

Eagles Kit
(Formerly Home Inventor Kit)

Eagles Kit is a 7 in 1 desktop STEAM robot kit, students can create and explore life science with coding and robotics.

- 7 STEAM project, suitable for classroor
- Rich sensors and electronics
- Easy to assemble
- RJ11 wiring
- 16 Lesson (45 mins)
- Scratch and Arduino coding

Empowering Minds, Advancing Research, and Driving Digital Innovation

WHO WE ARE

Eagles Academic Research and ICT Hub is a leading Nigerian educational innovation organization dedicated to revolutionizing learning through Artificial Intelligence (AI), Robotics, Digital Technology, and Emerging Technologies.

We specialize in transforming complex technological concepts into practical, engaging, and curriculum-aligned learning solutions that prepare students for the rapidly evolving digital economy.

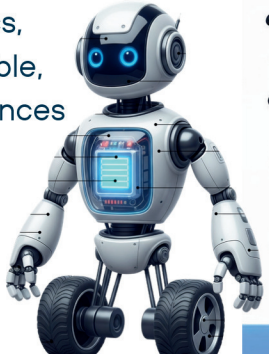
Our innovative educational resources empower learners to move beyond technology consumption and become creators, innovators, problem-solvers, and future leaders.

As Africa advances toward the Fourth Industrial Revolution, Eagles Academic Research and ICT Hub is committed to equipping young minds with the knowledge, skills, and mindset required to thrive in a technology-driven world.

Our Mission & Vision

To become Africa's premier educational technology and innovation organization, empowering future generations with the skills, creativity, and technological competencies needed to lead in the global digital economy.

To simplify Artificial Intelligence, Robotics, and emerging technologies into accessible, engaging, and practical learning experiences that inspire innovation, critical thinking, entrepreneurship, and lifelong learning among students across Africa.



Eagle AI and Robotics kits

12 in 1 RobotStorm STEAM Robot Kit

- Excellent choice for makers and students to build projects through graphic programming Scratch, and Arduino programming.
- 12 fun pre-set forms, supported by Eagles Kit mechanical, electronic and software platforms.
- Easy wiring, no soldering required.
- 28 lessons

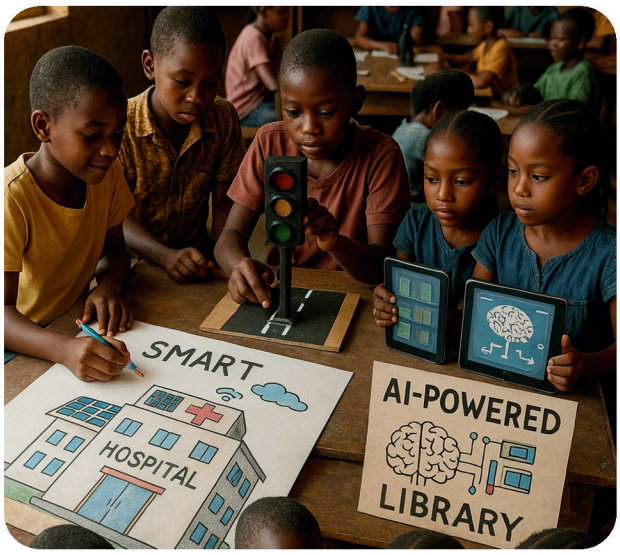
WHAT WE DO

Eagles Academic Research & ICT Hub provides professional training in digital skills, AI, and data analysis. We also offer comprehensive support for academic research and publication, empowering individuals and institutions with innovative solutions.

Our Core Services

- Eagle Tech Text books
- Eagles AI and Robotics
- Extended Reality(Immersive Technology,) Augmented Reality (AR,), Virtual Reality(VR), Mix Reality,,(MR) Both Cullucurlum, and sale of headsetd
- Eagles Tech Novels and Story Books
- Artificial Intelligence and Robotics Research Laboratory Establishment
- Eagles Smart Screen
- Eagles Comprehensive Digital and other Management Systems/ Website Creation
- Digital Skills Training
- Academic Research



We offer expert-led training with practical, hands-on learning, flexible options, and academic certification. Our advanced academic research services support students and professionals with proposal development, advanced data analysis, plagiarism detection, and journal publication guidance.

Software Tools Covered

- Data & Analytics Tools: Excel, SPSS, STATA, R, Python, Power BI, Tableau, NVivo, SmartPLS, AMOS.
- Design & Tech Stacks: Adobe Photoshop, Adobe Illustrator, Canva, HTML5, CSS3, JavaScript, PHP, Laravel, React, MySQL.

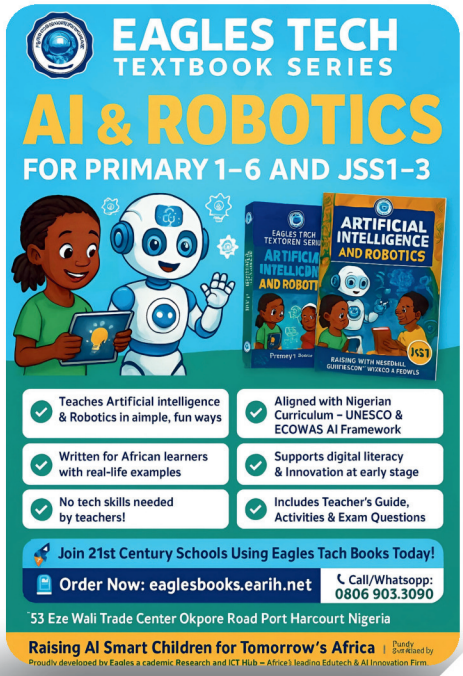
OUR EDUCATION SOLUTION

Raising AI Smart Children for Tomorrow's Africa



Eagles AI & Robotics Textbook Series

Building Future-Ready Knowledge

Our comprehensive textbook series introduces learners to modern technological concepts through structured and practical learning.

Eagles Tech Textbook Series
Secondary School Edition

Key Features:

- Artificial Intelligence Fundamentals
- Robotics and Automation
- Coding and programming
- Computational Thinking
- Digital Literacy
- Cybersecurity Awareness
- Innovation and Entrepreneurship

Eagles Tech Textbook Series
Primary School Edition

Learning Outcomes:

- Strong Technological Foundation
- Enhanced Analytical Thinking
- Improved Problem-solving Skills
- Digital Safety Awareness
- Increased Innovation Capacity

Eagles Academic
Research & ICT Hub
RC2798484

Raising AI Smart Children for Tomorrow's Africa

Eagles Tech Storybooks

Primary Schools

Introducing Technology Through Imagination and Storytelling

Our carefully designed technology storybooks make learning fun, relatable, and inspiring for young learners through:

Key Features:

- Engaging stories and colorful illustrations
- Simplified explanations of digital concepts
- Character-building and moral lessons
- Early exposure to innovation and technology
- Curiosity-driven STEM learning

These storybooks help children develop confidence, creativity, imagination, and an early love for science, technology, and innovation.

Eagles Tech Novels

Secondary Schools

Inspiring the Next Generation of Innovators

Our technology novels combine entertainment with education by exposing students to futuristic technologies and real-world innovation challenges.

Key Features:

- AI and Robotics-themed adventures
- Real-world technology applications
- Critical thinking development
- Problem-solving scenarios
- Innovation and entrepreneurship inspiration
- Career awareness in STEM fields

Students gain a deeper understanding of emerging technologies while developing creativity, leadership qualities, and future career aspirations.

Eagles Academic
Research & ICT Hub
RC2798484

EAGLES AI & ROBOTICS KITS

Transforming Classrooms into Innovation Laboratories

Our practical learning kits provide hands-on experience in designing, building, programming, and operating intelligent systems

Students Learn:

- Robotics construction
- Programming fundamentals
- Sensors and automation
- Artificial Intelligence applications
- Engineering design principles
- Real-world problem-solving

Impact:

- Enhanced STEM engagement
- Increased practical skills acquisition
- Improved innovation capacity
- Stronger industry-relevant competencies
- Better preparation for future careers

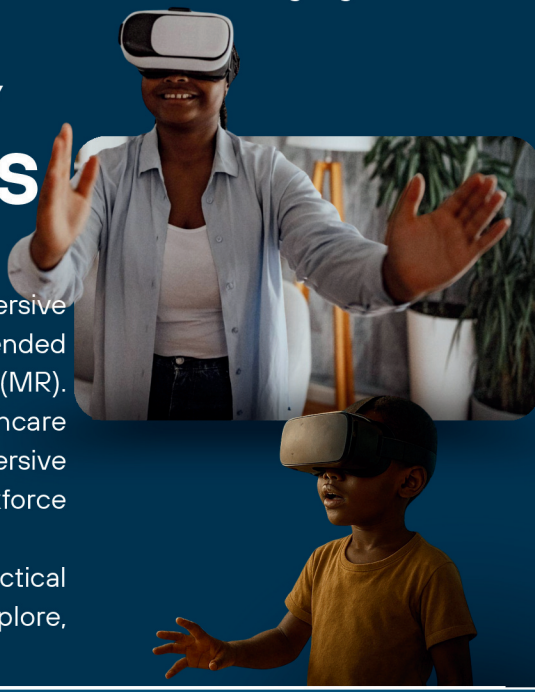
Empowering Minds, Advancing Research, and Driving Digital Innovation

EAGLES EXTENDED REALITY (XR) EDUCATION SOLUTIONS



Transforming Learning Through Extended Reality (XR)

Eagles Extended Reality (XR) Education Solutions is a leading provider of immersive learning technologies dedicated to revolutionizing education through Extended Reality (XR), Virtual Reality (VR), Augmented Reality (AR), and Mixed Reality (MR). We empower educational institutions, government agencies, healthcare organizations, and corporate training centers with cutting-edge immersive technologies that enhance teaching, learning, research, and workforce development.

Our solutions bridge the gap between theoretical knowledge and practical experience by creating interactive digital environments where learners can explore, experiment, and develop critical skills in safe, engaging, and realistic settings.

OUR CORE SERVICE

Extended Reality (XR) Learning Laboratories

Design and deployment of immersive learning laboratories equipped with:

- Virtual Reality Headsets
- Augmented Reality Learning Platforms
- Mixed Reality Devices
- High-Performance XR Workstations
- Interactive Smart Classrooms
- Immersive Learning Content Libraries

Virtual Science Laboratories

Students can conduct practical experiments in safe, virtual environments without the limitations of physical laboratory resources.

- Physics
- Chemistry
- Biology
- Environmental Science
- Engineering

Engineering & Technical Education

XR-based practical training designed to build complex technical competencies.

- Robotics & AI
- Mechatronics
- Mechanical & Electrical Engineering
- Civil Engineering
- Industrial Automation

STEM & Educator Development

Interactive foundation programs paired with essential teacher training.

- **STEM Solutions:** Interactive content for Mathematics, Science, Technology, Coding, and Innovation.
- **Teacher Capacity Development:** Professional programs covering XR Pedagogy, Content Development, Digital Classroom Integration, AI Learning Tech, and Innovation Strategies.

INDUSTRIES WE SERVE

UNIVERSITIES & HIGHER INSTITUTIONS

- XR Research Laboratories
- Virtual Learning Environments
- Engineering Simulations & Medical Training Systems

SECONDARY SCHOOLS

- STEM Laboratories
- Virtual Science Experiments
- Interactive Learning Content

TECHNICAL & VOCATIONAL INSTITUTIONS

- STEM Laboratories
- Virtual Science Experiments
- Interactive Learning Content

HEALTHCARE INSTITUTIONS

- Medical Simulation Centers
- Clinical Skills Development
- Continuing Professional Education

GOVERNMENT & PUBLIC SECTOR

- Workforce Development
- Innovation Centers

BENEFITS OF XR IN EDUCATION

ENHANCED STUDENT ENGAGEMENT
Immersive experiences increase attention, participation, and retention

IMPROVED LEARNING OUTCOMES
Students learn by doing rather than merely observing.

SAFE LEARNING ENVIRONMENT
Practical skills can be developed without exposing learners to real-world risks.

COST EFFICIENCY
Reduces the need for expensive consumables and physical training equipment.

Eagles Smart Screen – Empowering Education, Business, and Innovation Through Artificial Intelligence

EAGLES SMART SCREEN

AI-Powered Interactive Display for Smart Learning and Smart Business

Eagles Smart Screen is an advanced Artificial Intelligence (AI)-powered interactive smart board designed to transform classrooms, boardrooms, training centers, and conference environments. Combining cutting-edge touchscreen technology, intelligent collaboration tools, and AI-enhanced features, Eagles Smart Screen creates a dynamic, engaging, and productive experience for educators, students, professionals, and organizations.

With built-in AI capabilities, the Eagles Smart Screen supports intelligent content management, real-time collaboration, smart handwriting recognition, voice interaction, automated note-taking, and seamless integration with modern educational and business applications. It enables institutions and organizations to embrace digital transformation while enhancing learning outcomes, communication, creativity, and decision-making.

Designed for schools, universities, government agencies, corporate organizations, healthcare institutions, and training centers, Eagles Smart Screen delivers an all-in-one solution for interactive teaching, presentations, video conferencing, brainstorming, and collaborative work in today's technology-driven world.

WHY CHOOSE SMART SCREEN

- **Built-in Android Operating System with access to educational and business applications**
- **Ultra-HD 4K Interactive Display for crystal-clear visuals**
- **Multi-Touch Technology allowing multiple users to interact simultaneously**
- **Smart Handwriting Recognition and Digital Annotation**
- **Cloud Connectivity for secure access to files and resources**
- **Wireless Screen Sharing from laptops, tablets, and smartphones**
- **Integrated Video Conferencing and Remote Collaboration**
- **AI-Powered Interactive Learning and Collaboration**
- **AI-Assisted Content Sharing and Presentation Tools**
- **Energy-Efficient and Durable Design**

AI AND ROBOTICS LABORATORY ESTABLISHMENT SERVICES

Eagles Academic Research & ICT Hub specializes in the design, supply, installation, and management of modern Artificial Intelligence (AI) and Robotics Laboratories for schools, colleges, polytechnics, universities, research institutions, and training centers.

Our AI and Robotics Laboratories provide students, educators, and researchers with hands-on experience in emerging technologies, preparing them for careers in the Fourth Industrial Revolution and the future digital economy.

OUR AI AND ROBOTICS LABORATORY SOLUTIONS

Laboratory Design and Setup

- Laboratory space design
- Furniture and workstation setup
- Electrical and networking infrastructure
- Smart classroom integration
- Internet connectivity solutions
- Safety and security provision

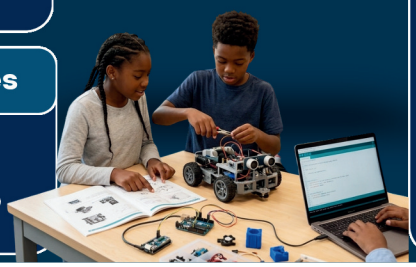
Robotics Laboratory Components

- **Robotics Kits**
  - Beginner Robotics Kits
  - Educational Robotics Kits
  - Advanced Robotics Development
- **Hardware Components**
  - Microcontrollers, Sensors
  - Motors and Actuators, Control Boards
- **Robotics Development Platforms**
  - Robot Programming Tools, Automation Systems

Additional Laboratory Modules

- Internet of Things (IoT) Laboratory
- Data Science Laboratory
- Coding and Software Development Hub
- Cybersecurity Corner

LABORATORY SOLUTION



Artificial Intelligence Laboratory Components

- **AI Learning Workstations**
  - High-performance computers
  - AI development environments
  - Cloud-based AI platforms
- **AI Software Solutions**
  - Machine Learning Platforms
  - Computer Vision Applications
  - Natural Language Processing Tools
  - Generative AI Platform
- **AI Learning Resources**
  - AI Curriculum, Textbooks, Workbooks
  - AI Storybooks for Young Learners
  - Digital Learning Materials

Laboratory Equipment

Hardware

- Desktop Computers
- Laptops
- Interactive Smart Boards
- Projectors
- Robotics Kits
- 3D Printers
- Virtual Reality Devices
- Networking Equipment
- Power Backup Systems

Software

- AI Development Platforms
- Programming Environments
- Data Science Tools
- Robotics Simulation Software
- Cybersecurity Training Tools

TRAINING PROGRAMS INCLUDED

TEACHERS TRAINING

- Introduction to Artificial Intelligence
- AI in Education
- Robotics Classroom Integration
- Practical Robotics Training
- AI Curriculum Delivery
- Emerging Technologies

STUDENTS TRAINING

- AI Fundamentals
- Robotics Programming
- Coding and Computational Thinking
- Machine Learning Basics
- Robot Design and Development
- Innovation and Entrepreneurship

BENEFITS TO INSTITUTIONS

- FUTURE-READY TECHNOLOGY EDUCATION
- INCREASED STUDENT ENROLLMENT APPEAL
- ENHANCED STEM LEARNING OUTCOMES
- PRACTICAL HANDS-ON TECHNOLOGY EXPERIENCE
- IMPROVED INSTITUTIONAL REPUTATION
- RESEARCH AND INNOVATION OPPORTUNITIES

Eagles Academic

COMPREHENSIVE DIGITAL SOLUTIONS FOR EDUCATIONAL EXCELLENCE

OUR SOLUTION:

- **Computer Base Examination (CBT) Software**
- **School Management System Development and other Management Systems**
- **Website Development**
- **Student Portal Development**
- **Online Admission Systems**
- **E-Learning Platforms**
- **Result Processing Systems**
- **Mobile App Development**
- **Technology Consultancy**
- **ICT Infrastructure Solutions**
- **Digital Transformation Services**

OUR PROFESSIONAL TRAINING SOLUTIONS

At Eagles Academic Research & ICT Hub, we are committed to developing future-ready professionals, empowering institutions through technology, and supporting academic excellence through innovative training, research, and digital solutions.

We provide practical digital skills training designed to equip students, teachers, professionals, entrepreneurs, and organizations with the competencies required in today's digital economy.

AI & Robotics Education Training for Teachers

- Introduction to Artificial Intelligence
- Machine Learning Fundamentals
- Robotics Education Methodology
- AI Curriculum Implementation
- Educational Robotics Kits Usage
- STEM Education Integration
- Classroom AI Applications
- Future Technology Education

Data Science and Data Analysis Training

- **Core Modules**
  - Data Collection, Cleaning & Preparation
  - Statistical Analysis & Predictive Analytics
  - Business Intelligence & Research Data Analysis
- **Tools & Technologies Covered**
  - Microsoft Excel, SPSS
  - Python, R Programming
  - Power BI, Tableau

Additional Training Modules

- **Digital Skills Training:** Digital Literacy, Productivity Tools, Cloud Computing, Digital Entrepreneurship
- **Graphic Design & AI-Assisted Design**: Branding, Motion Graphics, Adobe Photoshop, Illustrator, Canva
- **Networking & Cybersecurity**: Network Configuration, Wireless Networking, Ethical Hacking, Risk Management

PROFESSIONAL TRAINING PROGRAMS

Artificial Intelligence and Robotics Training

- **AI Fundamentals & Applications**
  - Artificial Intelligence Fundamentals
  - Machine Learning
  - Generative AI Applications
  - Prompt Engineering
- **Robotics & Hardware Integration**
  - Robotics Programming
  - Sensor and Controller Integration
  - Robot Design and Development
  - AI-Powered Solutions Development
  - Internet of Things (IoT)

Software & Web Engineering

Software Engineering

- Programming Fundamentals
- Front-End & Back-End Development
- Mobile Application Development
- Database Design & API Development
- DevOps Fundamentals
- Tech: PHP, JavaScript, Python, Java, MySQL, Laravel, React

Web Design & Development

- UI/UX Design
- HTML5 & CSS3
- JavaScript
- Responsive Web Design
- E-Commerce Development

OUR PROFESSIONAL TRAINING SOLUTIONS

PROFESSIONAL TRAINING PROGRAMS

AUDIENCES & INDUSTRIES WE SERVE

SCHOOLS & COLLEGES

- Digital Literacy Hubs
- Coding & Robotics Clubs
- ICT Curriculum Integration

TEACHERS & EDUCATORS

- AI in Education Workshops
- STEM Teaching Methodologies
- Digital Classroom Management

PROFESSIONALS & CORPORATES

- Advanced Data Analytics
- Cybersecurity Awareness
- Productivity & Collaboration Tools

ENTREPRENEURS & STARTUPS

- Digital Entrepreneurship
- AI-Powered Design & Branding
- E-Commerce Development

RESEARCH INSTITUTIONS

- Statistical Analysis (SPSS/R)
- Predictive Analytics
- Research Data Processing

ACADEMIC RESEARCH SERVICES

Eagles Academic Research & ICT Hub provides professional guidance and support to students and researchers in developing quality academic projects, dissertations, and theses.

Degree Support & Project Assistance

Undergraduate (First Degree) Research Support
We provide professional guidance and support to undergraduate students.

Services Include
- Topic Selection
- Proposal Development
- Literature Review Support
- Research Methodology Guidance
- Data Collection Design
- Data Analysis
- Referencing and Formatting
- Final Project Review

Master's Degree Research Support
Our experts provide advanced academic support for postgraduate students.

Services Include
- Thesis Development
- Proposal Writing
- Literature Review
- Quantitative and Qualitative Research
- Statistical Analysis
- Data Interpretation
- Academic Editing
- Thesis Defense Preparation

PhD Research Support
Comprehensive support for doctoral candidates throughout their research journey.

Services Include
- Research Design
- Proposal Development
- Advanced Data Analysis
- Academic Writing Support
- Journal Article Preparation
- Publication Support
- Dissertation Editing
- Viva Preparation

Assisted Project Support Services
We provide professional support throughout the entire research process.

Areas of Assistance
- Research Planning
- Proposal Writing
- Questionnaire Design
- Data Collection Support
- Data Analysis
- Interpretation of Results
- Academic Formatting
- Final Documentation

WHY CHOOSE EAGLES ACADEMIC RESEARCH & ICT HUB

Expert Trainers and Researchers
Practical Learning Approach
Industry-Relevant Curriculum
Modern Learning Resources
Flexible Learning Options
Certification
Research Excellence
Plagiarism and AI Detection Testing
Ensure academic integrity.
Online Journal Publication Support
Reputable academic journal publication.

Software & Analytical Services

- **Project Data Analysis Services** (Professional statistical and analytical services)
- **Analytical Services**
  - Descriptive Statistics
  - Inferential Statistics
  - Regression Analysis
  - Correlation Analysis
  - ANOVA
  - T-Test
  - Structural Equation Modeling
  - Qualitative Data Analysis
- **Software Tools**
  - SPSS
  - STATA
  - R
  - Python
  - NVivo
  - SmartPLS
  - AMOS
  - Excel
- **Plagiarism and AI Detection Testing**
  - Plagiarism Similarity Checks
  - AI Content Detection
  - Originality Reports
  - Research Integrity Assessment
  - Citation Verification
  - Academic Compliance Review

PARTNER WITH US

Eagles Academic Research and ICT Hub welcomes partnerships with governments, educational institutions, development agencies, technology companies, NGOs, private organizations, and innovation ecosystems seeking to advance digital education, Artificial Intelligence, robotics, STEM development, and workforce readiness across Africa.

Together, we can build innovation-driven classrooms, empower future leaders, strengthen technological capacity, and accelerate Africa's transition into the Fourth Industrial Revolution.
